

# Girls Who Code Clubs Data Privacy Center

We believe you should always know what data we collect from you, how we use it, and that you should have meaningful control over both. We want to empower users to make the best decisions about the information that they share with us. Below are links to important data privacy policies and guidance for participants, parents, and school administration to review. We welcome any questions at [privacy@girlswhocode.com](mailto:privacy@girlswhocode.com).
