

BECOME A PARTNER WITH GIRLS WHO CODE

BRING FREE GIRLS WHO CODE CLUBS TO YOUR COMMUNITY!

WE ARE GIRLS WHO CODE!

Girls Who Code is an international non-profit organization working to close the gender gap in technology. Our programs inspire, educate, and equip girls with the computing skills they'll need to pursue 21st century opportunities.

Our **Girls Who Code Clubs** are completely **FREE** programs for **3rd-5th and 6th-12th grade** girls to join our sisterhood of supportive peers and role models and use computer science to change the world.

BECOME A CLUBS COMMUNITY PARTNER

We seek to create partnerships with state and local leaders, school districts, community organizations, library and afterschool networks and colleges/universities to launch multiple Girls Who Code Clubs. Based on thoughtful conversation with your organization, we'll develop a partnership to support and enhance the Girls Who Code Club experience for your students. There are three main types of partnerships:

HOST PARTNERSHIP

If your organization directly supports potential Club host sites (i.e. school districts, library networks), you can become a Host Partner to launch Clubs at multiple locations in your network.

OUR IMPACT

185,000 girls served to date!

Our **college-aged alumni** are majoring in CS and related fields at a rate **15 times higher than the national average**. Our outreach to historically underrepresented groups - particularly girls who are Black, Latinx, and from low-income households - is paying off too. Our Black and Latinx alumni are majoring in these fields at a rate **16 times the national average**.

CONNECTOR PARTNERSHIP

If you do not have direct access to potential Clubs host sites (i.e. STEM Hubs, Afterschool Networks), you can become a Connector Partner by spreading the word to your community through newsletters, webinars, events, and more.

PARENT PARTNERSHIP

Parent Partners are large-scale organizations that have smaller Community Partners that exist underneath them. (i.e. State Departments of Education, national or statewide organizations with regional offices).

JOIN THE MOVEMENT AT [GIRLSWHOCODE.COM/COMMUNITYPARTNERSHIPS](https://girlswhocode.com/communitypartnerships)

BENEFITS OF A COMMUNITY PARTNERSHIP

- A dedicated Girls Who Code Representative
- A single Club Success Specialist to support Facilitators at each of your Clubs
- Access to up to \$5,000 in grants through our Community Partnership Fund
- Access to a Partnership Dashboard to see regular updates on affiliated Clubs
- Priority consideration for eligible students who apply to our Summer Immersion Program, where available
- Priority access to regional events and field trips organized by Girls Who Code, where available

BEST PRACTICES

To enhance our collaboration, Community Partners are encouraged to:

- Appoint a primary and secondary point of contact to serve as the liaison between their community and Girls Who Code
- Help to promote Girls Who Code programs across high schools, middle schools, elementary schools, libraries, universities and community centers within their network using resources provided by Girls Who Code

INTERESTED IN BECOMING A PARTNER?

To become an official Community Partner to launch multiple Clubs, please complete the Clubs Community Partnership Confirmation Form for your organization by visiting us at: www.girlswhocode.com/community-partnerships.

After you complete the quick form, we will email you to confirm and provide you with ongoing support to inspire your community members to launch Clubs!

Have questions? Email our team at clubs@girlswhocode.com
